Intro to R and Writing Functions

SLU DSS 5: Functions & Packages in R
January 24th, 2018

Find Seminar Resources at:
https://github.com/slu-dss

The repository for this week is called `spring-2018-seminar-01`. Download it as a zip file and extract its contents to somewhere easy to find (like your Desktop) so that you may follow along.

Agenda for Seminar 01:
- Announcements
- R and RStudio Basics
- Opening and Exploring Data
- Writing Your First Functions

Extra resources: We'll post links to some extra resources for getting started with `functions` in the `README.md` file in this week's repository.

Next date: Wednesday, February 7th (1pm to 2pm)
